**COOKIE POLICY**

This Policy is governed by the Gano Excel Customer Systems website. It contains information about the types of cookies, usage areas and how the cookie management is performed by the user and how the profiling works.

**Gano Excel is the basis for collecting personal data:**

There are regulations in various laws regarding the use of our customers' personal data. In the first place, KVKK and personal data protection principles have been determined. In addition, the Law No. 6563 on the Regulation of Electronic Commerce contains provisions for the protection of personal data. In some cases, penal sanctions have been stipulated for the protection of personal data through the provisions of the Turkish Penal Code No. 5237.

On the other hand, data must be collected and used in order to fulfill our obligations arising from the Law No. 6502 on Consumer Protection and Regulation on Distance Contracts.

**Definitions**

Within the scope of this policy;

**Gano Excel Customer Systems:** Gano Excel

**User:** Refers to people who visit the website.

**Data Processor:** The person who processes personal data on behalf of the data legal entity,

**Data Responsible**: A real or legal person who determines the purposes and means of processing personal data and is responsible for the establishment and management of the data recording system,

**Law No. 5651:** Law on the publication of Internet publications and the prevention of crimes committed through these publications,

**Law No. 6698 / KVKK:** refers to the Law on the Protection of Personal Data.

**Cookie Types**

The website uses temporary and permanent cookies. Temporary cookies end when you close your browser - persistent cookies remain on your hard disk for a long time or indefinitely.

**Technical cookies:** Technical cookies are used to ensure the proper functioning of the website or mobile site.

**Analytical Cookies:** Analytical Cookies are used to provide information on how users use the Website. These cookies are used to improve and optimize the website or mobile site, and to understand the effectiveness of communications and advertising. Analytical Cookies contain information such as pages viewed by users, check-in and check-out times, and the date and time the email / push / SMS sent to the user was opened.
